Lakes of Fire is a collaborative celebration of art and community, steeping friendship, fire and wonder.

This event is for you and by you; featuring your creativity, art and relentless enthusiasm. Lakes of Fire 2017 - Fire & Ice - will see burners smoldering and bursting alight with fires inside and out, and yet makes space for cool contemplation and reflection.

Lakes of Fire is the Great Lakes Region's official Burning Man Regional event and it is conducted in accordance with the 10 principles (see page 4). Please keep the consent of others in mind at all times, and remember that Lakes of Fire is a place that encourages you to say "no" as well as "yes". This experience is your own.

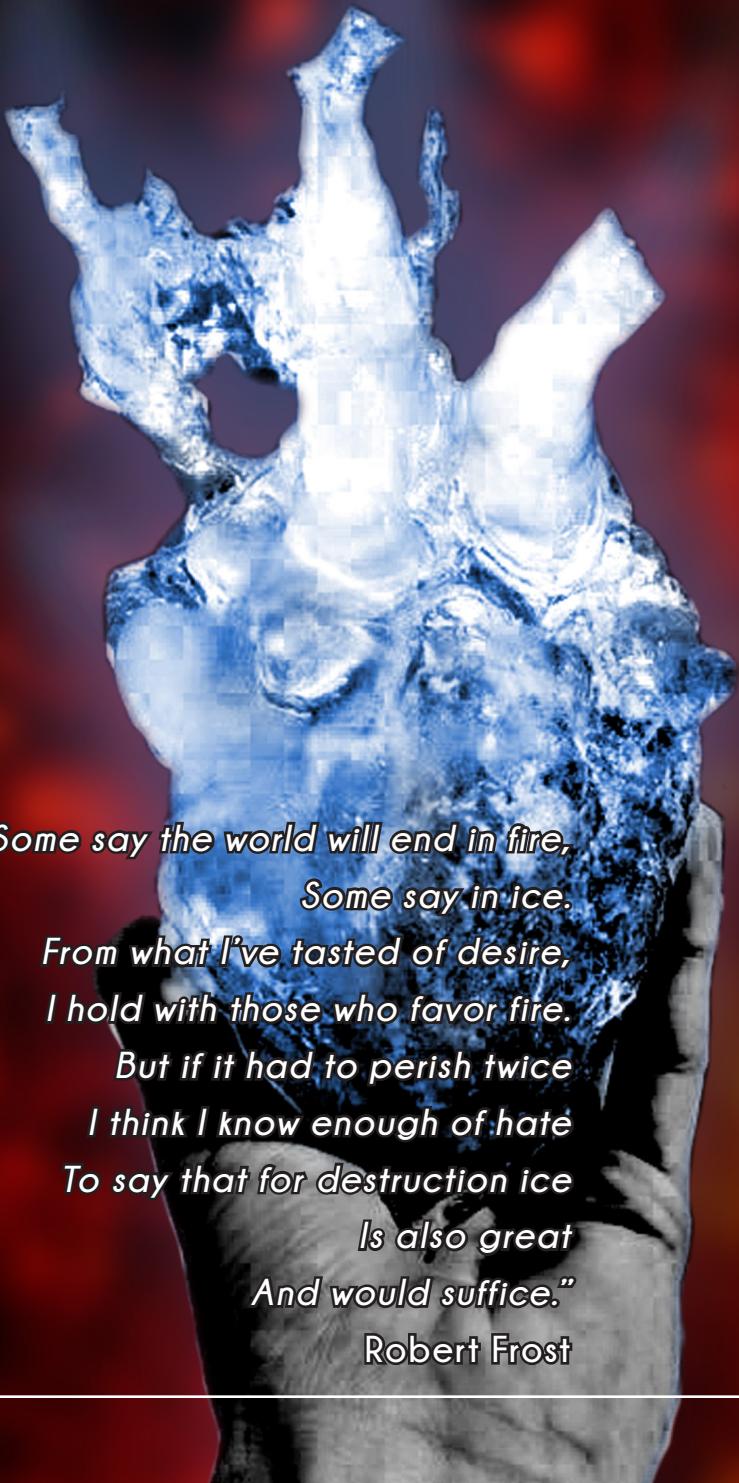

Lucky Lake includes a freshwater, no wake, no gas motor lake with over a mile of shoreline with catch and release fishing. Please be aware that there will be no lifeguards on duty and swimming is at your own risk.

Please note that the listings of events and camps in this WWW guide are not exhaustive as some camps and event organizers opted not to fill out the WWW form over the web.

All event locations, times, and actual existence are subject to change due to last minute updates and the fickle plans of burners.

FIRE & ICE

"I freeze and burn, love is bitter and sweet, my sighs are tempests and my tears are floods, I am in ecstasy and agony, I am possessed by memories of her and I am in exile from myself." - Francesco Petrarca

*"Some say the world will end in fire,
Some say in ice."*

*From what I've tasted of desire,
I hold with those who favor fire.*

*But if it had to perish twice
I think I know enough of hate
To say that for destruction ice
Is also great*

And would suffice."

Robert Frost

10 Principles

RADICAL INCLUSION - ANYONE MAY BE A PART OF LAKES OF FIRE. WE WELCOME AND RESPECT THE STRANGER. NO PREREQUISITES EXIST FOR PARTICIPATION IN OUR COMMUNITY.

GIFTING - LAKES OF FIRE IS DEVOTED TO ACTS OF GIFT GIVING. THE VALUE OF A GIFT IS UNCONDITIONAL. GIFTING DOES NOT CONTEMPLATE A RETURN OR AN EXCHANGE FOR SOMETHING OF EQUAL VALUE.

DECOMMODIFICATION - IN ORDER TO PRESERVE THE SPIRIT OF GIFTING, OUR COMMUNITY SEEKS TO CREATE SOCIAL ENVIRONMENTS THAT ARE UNMEDIATED BY COMMERCIAL SPONSORSHIPS, TRANSACTIONS OR ADVERTISING. WE STAND READY TO PROTECT OUR CULTURE FROM SUCH EXPLOITATION. WE RESIST THE SUBSTITUTION OF CONSUMPTION FOR PARTICIPATORY EXPERIENCE.

RADICAL SELF-RELIANCE - LAKES OF FIRE ENCOURAGES THE INDIVIDUAL TO DISCOVER, EXERCISE AND RELY ON HIS OR HER INNER RESOURCES.

RADICAL SELF-EXPRESSION - RADICAL SELF-EXPRESSION ARISES FROM THE UNIQUE GIFTS OF THE INDIVIDUAL. NO ONE OTHER THAN THE INDIVIDUAL OR A COLLABORATING GROUP CAN DETERMINE IT'S CONTENT. IT IS OFFERED AS A GIFT TO OTHERS. THE GIVER SHOULD RESPECT THE RIGHTS AND LIBERTIES OF THE RECIPIENT.

COLLABORATION - OUR COMMUNITY VALUES CREATIVE COOPERATION AND COLLABORATION. WE STRIVE TO PRODUCE, PROMOTE AND PROTECT SOCIAL NETWORKS, PUBLIC SPACES, WORKS OF ART AND METHODS OF COMMUNICATION THAT SUPPORT SUCH INTERACTION.

CIVIC RESPONSIBILITY - WE VALUE CIVIL SOCIETY. COMMUNITY MEMBERS WHO ORGANIZE EVENTS SHOULD ASSUME RESPONSIBILITY FOR CONDUCTING EVENTS IN ACCORDANCE WITH LOCAL, STATE AND FEDERAL LAWS.

LEAVE NO TRACE - OUR COMMUNITY RESPECTS THE ENVIRONMENT. WE ARE COMMITTED TO LEAVING NO PHYSICAL TRACE OF OUR ACTIVITIES WHEREVER WE GATHER. WE CLEAN UP AFTER OURSELVES AND ENDEAVOR, WHENEVER POSSIBLE, TO LEAVE SUCH PLACES IN A BETTER STATE THEN WHEN WE FOUND THEM.

PARTICIPATION - OUR COMMUNITY IS COMMITTED TO A RADICALLY PARTICIPATORY ETHIC. WE BELIEVE THAT TRANSFORMATIVE CHANGE, WHETHER IN THE INDIVIDUAL OR IN SOCIETY, CAN OCCUR ONLY THROUGH THE MEDIUM OF DEEPLY PERSONAL PARTICIPATION. WE ACHIEVE BEING THROUGH DOING. EVERYONE IS INVITED TO WORK. EVERYONE IS INVITED TO PLAY.

IMMEDIACY - IMMEDIATE EXPERIENCE IS, IN MANY WAYS, THE MOST IMPORTANT TOUCHSTONE OF VALUE IN OUR CULTURE. WE SEE TO OVERCOME BARRIERS THAT STAND BETWEEN US AND A RECOGNITION OF OUR INNER SELVES, THE REALITY OF THOSE AROUND US, PARTICIPATION IS SOCIETY, AND CONTACT WITH A NATURAL WORLD EXCEEDING HUMAN POWERS. NO IDEA CAN SUBSTITUTE FOR THIS EXPERIENCE.

Meditation is a raised zen garden piece atop a 3ft high hourglass shaped base. The box is filled with a thin layer of sand. The bottom portion of the box is frosted plexiglass and the base contains strands of color changing LED lights. Participants are invited to shape and draw in the sand. At night, the light shows through the patterns in the sand. A pagoda reminiscent of the Shrine of Serenity sits in the middle of the sand overlooking the piece.

Kracken SeeSaw

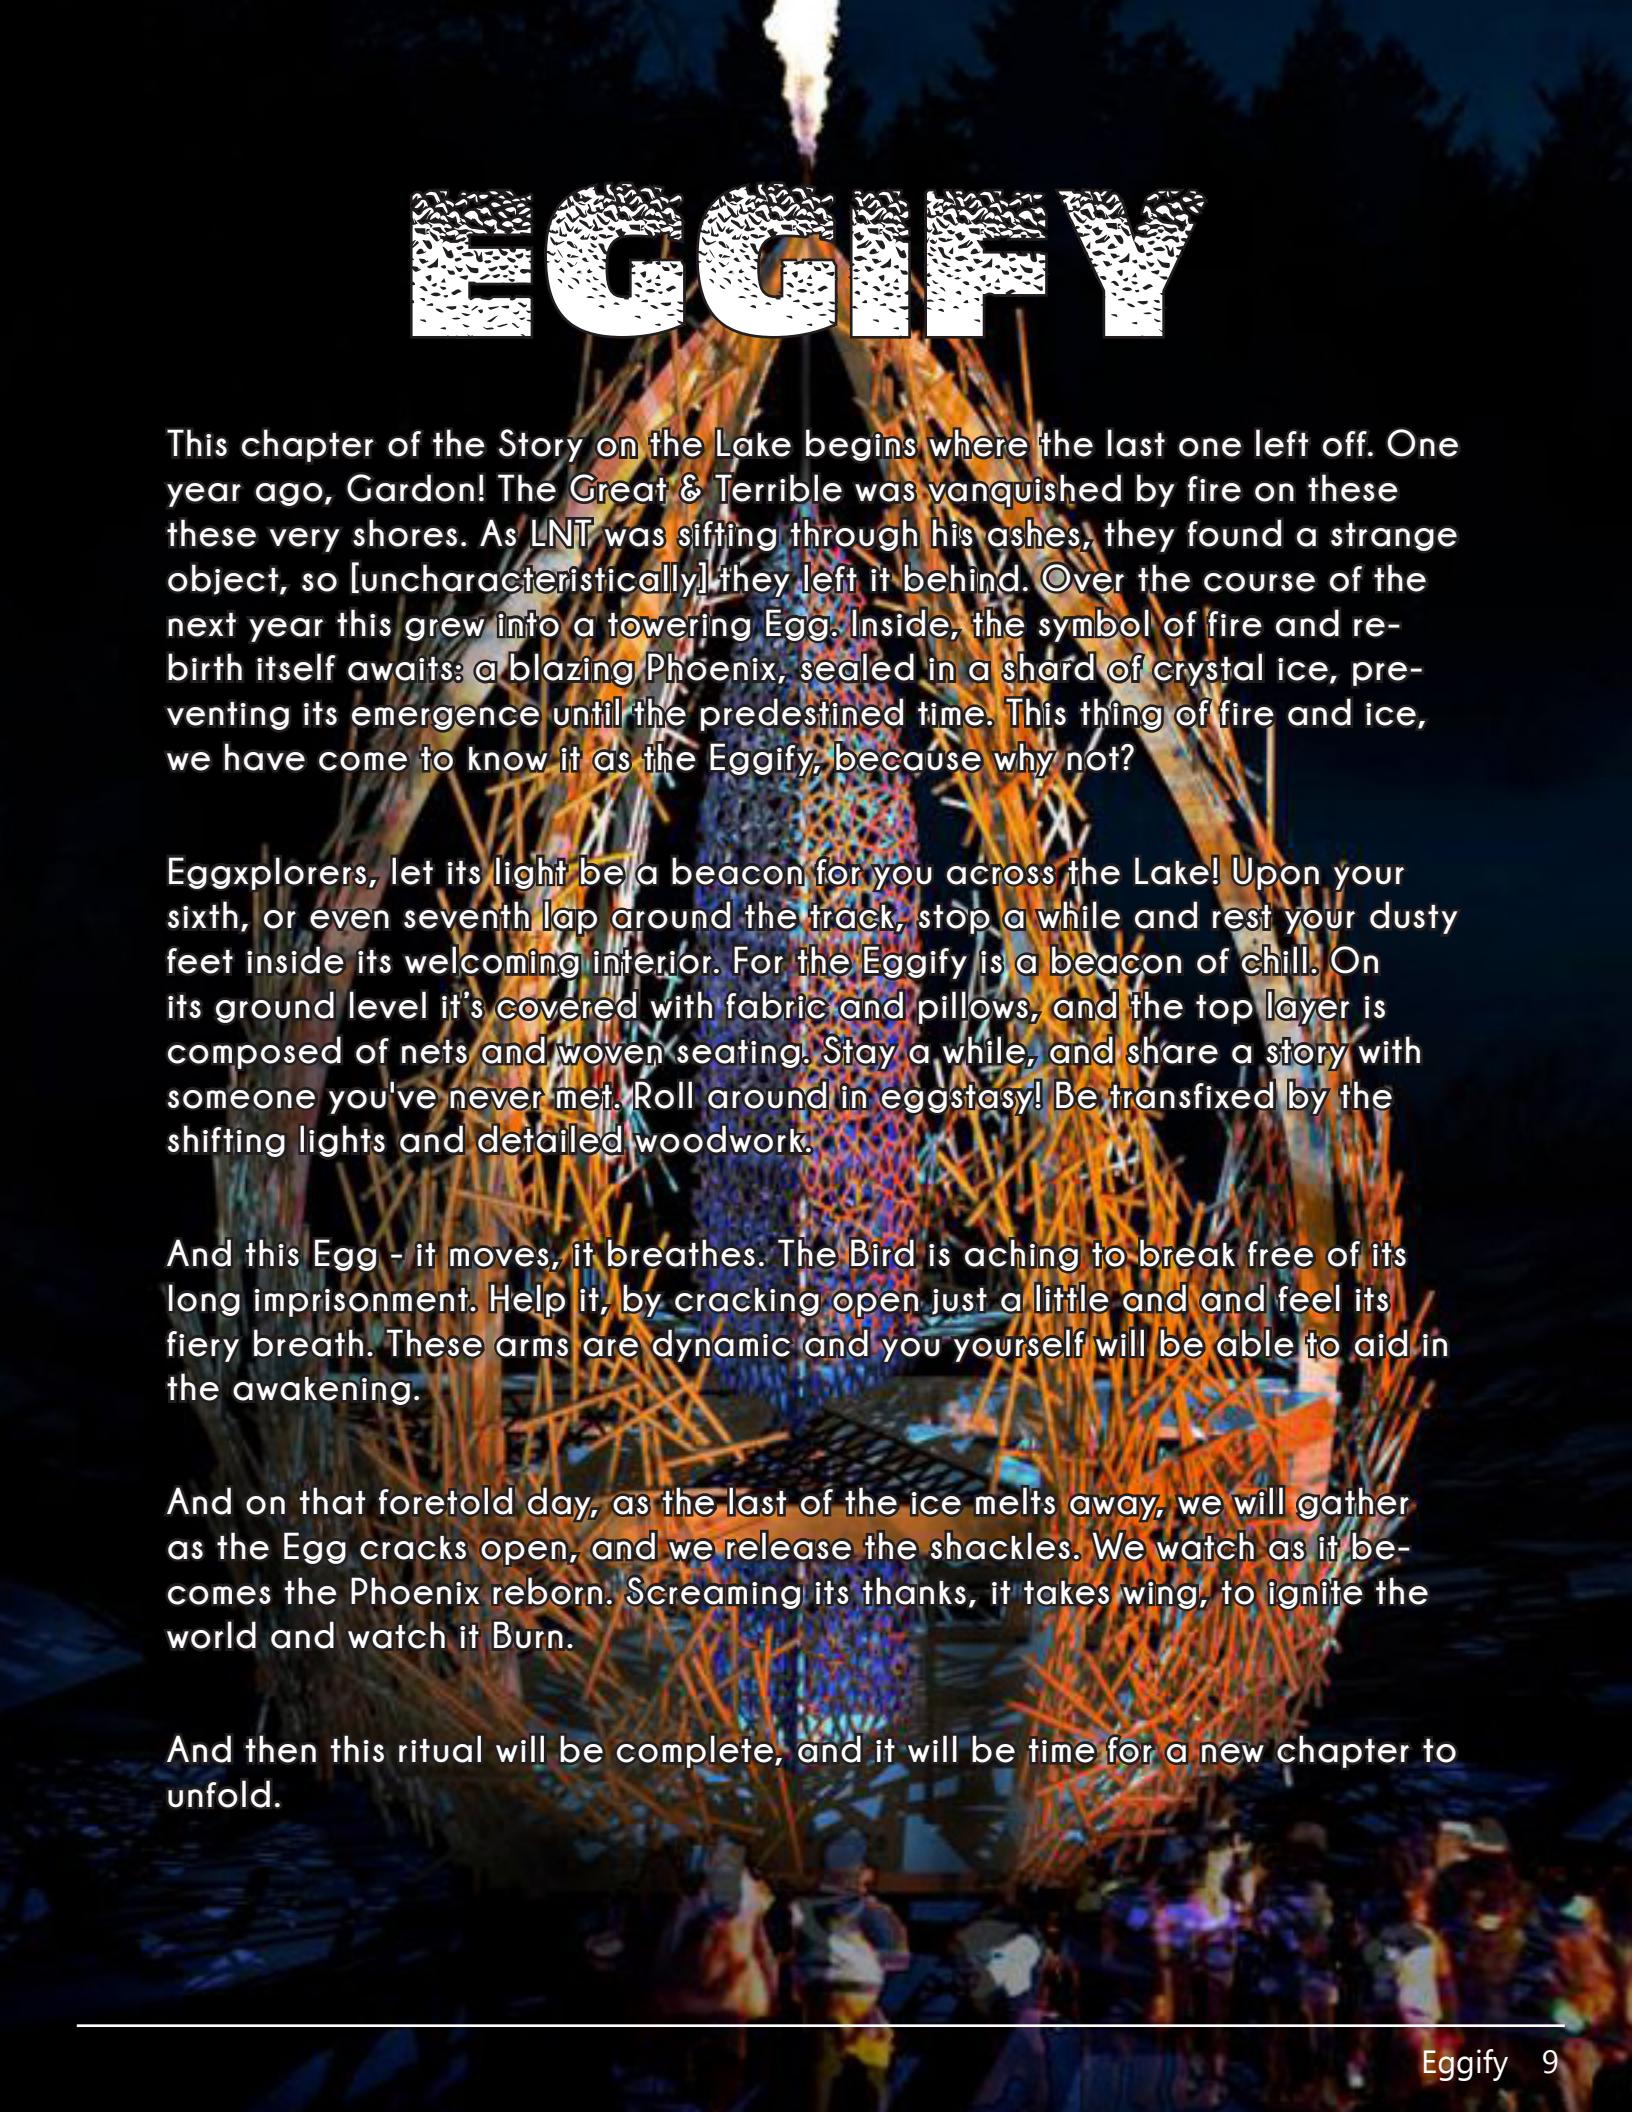

By Rdni Butler - Awarded: \$190.00

The Seesaw idea was inspired from the common playground seesaw. It's a timeless piece of equipment that everyone has used, and by creating interactive lighting that responds to the see-saw's tilt, creates an entirely new dimension of experience. With LEDs running along the see-saw with effects that flow in the direction it's tilted, it will create an effect of water running down it as if it were effected by gravity. In addition, the programming of the lighting will reward users for going up and down with a good rhythm by the lights increasing in intensity as the rhythm is maintained. This interactive element creates an imaginative experience that gets the participants to become more immersed in the piece.

To add to the immersive experience, as well as a narrative to the piece, the Seesaw will be surrounded by décor creating the appearance of a sunken ship being pulled under by the mythical Kraken. Suddenly the up and down motion of the see-saw becomes an experience of being pulled under, and escaping the grasps of the beast. Add that with the viewpoint of being at the top of the see-saw, and you have a fully magical experience.

EGGIFY

This chapter of the Story on the Lake begins where the last one left off. One year ago, Gardon! The Great & Terrible was vanquished by fire on these these very shores. As LNT was sifting through his ashes, they found a strange object, so [uncharacteristically] they left it behind. Over the course of the next year this grew into a towering Egg. Inside, the symbol of fire and re-birth itself awaits: a blazing Phoenix, sealed in a shard of crystal ice, preventing its emergence until the predestined time. This thing of fire and ice, we have come to know it as the Eggify, because why not?

Eggxplorers, let its light be a beacon for you across the Lake! Upon your sixth, or even seventh lap around the track, stop a while and rest your dusty feet inside its welcoming interior. For the Eggify is a beacon of chill. On its ground level it's covered with fabric and pillows, and the top layer is composed of nets and woven seating. Stay a while, and share a story with someone you've never met. Roll around in eggstasy! Be transfixed by the shifting lights and detailed woodwork.

And this Egg - it moves, it breathes. The Bird is aching to break free of its long imprisonment. Help it, by cracking open just a little and feel its fiery breath. These arms are dynamic and you yourself will be able to aid in the awakening.

And on that foretold day, as the last of the ice melts away, we will gather as the Egg cracks open, and we release the shackles. We watch as it becomes the Phoenix reborn. Screaming its thanks, it takes wing, to ignite the world and watch it Burn.

And then this ritual will be complete, and it will be time for a new chapter to unfold.

Department of Mutant Vehicles

Heavy Meta - Art Grant Recipient - Heavy Meta is the physical manifestation of The Leviathan, the Hobbesian concept of an all-powerful sovereign that rules over a land in order to prevent its subjects from living a life that is "solitary, poor, nasty, brutish and short." Heavy Meta captures the creeping sense of dystopianism that has come to dominate western democracy, and the slouch toward the despots of an age long-past. However, it is also a symbol of hope: armed with our own dragon, we can liberate a space for ourselves, and create what Hakim Bey called the "Temporary Autonomous Zone," where we may express our own desires and principles in a land we control with the help of our dragon.

Pineapple Express - The DMV Hospitality vehicle. Always in a hurry, the Pineapple Express must fulfill all of its pine-apply duties.

Thing 7 - Thing 7 to transport three handled moss covered credenzas, burners, and to remove stubborn bathtub rings!

Hell Train - Cap'n Nemo's Hell Train will be touring the lake, with popcorn, cotton candy, and our portable puppet theater in tow! Look for the crazy train.

Tickenstein - Tick Town's own Frankenstein of mobiles. The Tickenstein will be cruising around the lake throughout the week! If you can ride creatively, you can probably fit on, so holler if you need a ride. Beware the woman driving!

The Bucket - Come swashbuckle on The Bucket. It will be fun, should be fun, you'll probably have fun... unless we make you "walk the plank." Its kind of a ship, wouldn't say "seaworthy"... It will refresh and protect you from the sun by day and entertain you with lights, sounds and visualizations at night.

Sparkle Unicorn - Unicorn sighted! It was farting rainbows and bubbles. I seen it!

Burner Taxi - Mutant Taxi for the random & weird.

The bone collector-
Bone collector will be back this year!

SolarBeatz - Harnesses the sun's rays and converts them into sol-ful music that Burners can enjoy while making a minimal footprint on the environment. Paying tribute to all the life and energy the sun provides us, we invite burners to join our solar caravan primarily stationed at Capt. Nemo's Flaming Carnival.

Barbie Jeep - Look out, camp Whaaat?! has a suped-up barbie jeep that will crack you up!

Dumbfiretruck - Syncytium will again be bringing its mobile sound platform, now with more fire.

Duality - Follow the lights & decorations to experience the struggle & beauty of the human spirit as it ices over into pure fire!

Belin - Belin is back! Bringing the flames of the Inferno along for the ride, she comes roaring from the abyss! The product of collaboration and pure, unadulterated evil, this undead beast is ready to fill the night with trickery and mayhem. Don't worry about finding us - we'll find you.

GiGi - GiGi the art boat in a new incarnation.

Scrubby - A larger than life Scrubbing Bubble with sound and lights!

Animalia - Animalia is the embodiment of our inner beast. Bring your spirit animal and dance with us. Animalia will be roaming around the lake in the afternoon until the evening, playing house and other electronic beats.

SOUND AT LAKES OF FIRE

Amplified sound is an integral part of Lakes of Fire. Artistic expression through the medium of sound is highly encouraged and appreciated by the Lakes of Fire community and organization, provided it does not threaten the event as a whole. Unfortunately, the cumulative and far-reaching effects of sound can potentially endanger Lakes of Fire's continued presence at any particular location.

All participants bringing amplified sound are required to sign a Sound Agreement and display a Sound Permit prominently by their sound source.

The Sound Team will be monitoring and working with sound camps throughout the event, and infractions will be marked against the permit & logged for future use.

The 2017 Sound Permit in all its glory.

DAILY TURNDOWN TIMES:

WEDNESDAY NIGHT: 11PM

THURSDAY NIGHT: 11PM

FRIDAY NIGHT: 2AM

SATURDAY NIGHT: 2AM

90 DB @ 40 FEET / NO SUBS

SUBWOOFERS RESUME AT 10 AM

NOTE: These limits can change at any time, for any reason, as dictated by the Sound Team and/or the GLEA Board.

Enforcement Procedures AKA The Three Strikes Rule

STRIKE ONE:

A friendly chat to make sure that you know where your levels should be, as well as a reminder of the new policy and how it will be enforced; Please, respect the limits that are put in place to protect the community and the event.

STRIKE TWO:

A stern warning; we know you are well aware of the policy, as well as where your levels should be and how to keep them there. You deliberately violated it, putting the event and community at risk. Please, for everyone's sake, do not let it happen again.

STRIKE THREE:

Regardless of intention, you and your sound system are a problem. The Rangers and Board will be informed that your system is to be powered off for the remainder of the night. Additionally, since you have proven to be incapable of self-managing your volume, subsequent Turn Down Times will be Turn Off Times for your camp/mutant vehicle/project. You have lost late night sound privileges for Lakes of Fire. Shame on you! Boo.

Repeating for emphasis: A third infraction on any given night will result in losing Late Night Sound privileges for the duration of the event!

Petite Perseverance Advisory

Welcome to the FIRST annual *Petite Perseverance Advisory* - a Survival Guide synopsis just big enough for the What Where When. We made sure to keep all the good shit - the classics - that help you make the most of Lakes Of Fire.

For more details, visit lakesoffire.org/the-event/survival-guide/

- THE NEXUS

The Nexus is our Center Camp, where multiple departments work together for the benefit of you! Inside the large tent, near Greeters, you'll find Leave No Trace, Volunteers, Info_bot, Art Hub and Perimeter Ninjas teams.

If you'd like to ask any questions (remember, there are no dumb questions), register your art, sign up for a volunteer shift, leave a comment, need directions, or just want a place to relax for a bit, join us at The Nexus.

- CIVIC RESPONSIBILITY

Lakes of Fire's site, Lucky Lake Campground, is privately owned and operated by our friends and trusted partners. Comply with any reasonable request that law enforcement, your organizers, your hosts, or their employees make of you. Failure to do so is grounds for removal from Lakes of Fire, and that's way less of a good time.

- BANNED ITEMS

Fireworks, Chinese lanterns, weapons, illegal substances, handheld lasers, and trampolines are not allowed. If you brought any of these items, please return them to your vehicle and leave them there. There are darn good reasons each of these items are listed.

- CODE OF CONDUCT

This code of conduct outlines our expectations for participant behavior both at the event and in the year round Burning Man community that exists beyond the event.

The Lakes of Fire (LOF) event, sponsored by Great Lakes Experimental Arts, Inc. (GLEA) expects attendees and volunteers to create and maintain a space that is welcoming for all ticketed attendees. We do not discriminate on gender, sexual orientation, disability, ethnicity, socioeconomic status, age, or religion.

We are guided by the **Burning Man 10 Principles**. When in conflict with other participants, we use **FLAME**: Find out, Listen, Analyze, Mediate, Explain. Participation in this community and event is open to all ticketed attendees; however, continued attendance can be revoked if a participant fails to respect other attendees or behaves in a way that endangers themselves, the event, or the broader community.

Expected behavior includes, but is not limited to:

Consent has the support of our whole community. You are obligated to get someone's consent in a sexual context, in a situation involving video or photography, or in any situation affecting the experience of another person at Lakes of Fire.

Be considerate and respectful of fellow participants and the community around the event.

Refrain from non-consensual demeaning, discriminatory, or harassing behavior.

Be mindful of your surroundings and of your fellow participant's safety.

Unacceptable behavior includes but is not limited to:

Predatory behavior, defined as any unwanted and non-consensual form of the following: intimidation, harassment, stalking, verbal or physical abuse, violence against people or other's property.

Non-consensual physical contact, including unwelcome sexual interaction.

Abuse or neglect of GLEA or LOF property, physical or otherwise, such as vandalism, theft of event property, abusing the ticketing process, or impersonating a lead or event organizers.

Disrespecting the community surrounding the event such as dumping trash in local dumpsters, trespassing, or repeated violations of the event's sound ordinance.

Wanton, flagrant, or repeated disregard for one's own safety or well-being in a manner that demands the intervention of other participants, community members, volunteers or outside agencies, such as intervention by local law enforcement or fire department staff.

Repeated or egregious violations of any and all policies put in effect by event organizers.

Consequences of unacceptable behavior:

Unacceptable behavior will not be tolerated. This includes expressions of this behavior at the event as well as pre- or post-event via phone, social media, or face to face communication.

Anyone asked to stop unacceptable behavior is expected to comply immediately.

If a participant engages in unacceptable behaviors, the event organizers may take any action they deem appropriate to ensure the safety of the event and its participants. This action may include expulsion from the event without refund, revoking tickets, or removing a volunteer from their shift.

If a participant's behavior is found to be predatory, an expulsion for the present or following years may be instituted. There may be an opportunity to appeal and show progress towards resolution of these issues after the following year's event.

GLEA or individuals may pursue potential legal action.

What to do if you witness or are subjected to unacceptable behavior:

If you are subjected to unacceptable behavior, notice that someone else is being subjected to it, or have any other concerns:

First, speak up. Ask the person to stop. Say no.

If you feel unsafe, leave the situation.

If you feel uncomfortable but the person's behavior does not cross a line, step away from the situation.

If you need help, ask for it. If someone asks you for help, do your best to help or find someone who can.

Report your concerns to a Ranger, ESD volunteer, or GLEA Board Member; these individuals are prepared to assist participants and listen to your concerns. All reports will remain confidential.

Petite Perseverance Advisory

If you would like to call in law enforcement or need professional medical treatment, LOF will support you taking that action.

We thank you in advance for your adherence to this code of conduct. Together we create an event and community that is welcoming for all participants.

- CONSENT

Radical self expression can take many forms, and that can often take the form of a really sexy costume, or even nudity in varying degrees. What's important to recognise is that none of that is an invitation to anyone to invade someone's personal space, or make physical advances.

What is consent?

Sexual consent is an agreement that requires people are of legal age, are properly informed, are not under coercion, and are not incapacitated. The consent model holds that one person proposes an action and the other gives permission for it. Consent is the bare minimum required for legal and ethical sexual activity.

There are a lot of things that do not imply consent. Sexy costumes are not consent, nudity is not consent, being drunk is not consent, being underage is not consent, being asleep is not consent, and being too scared to resist is not consent.

Consent may be withdrawn at any time. If you have agreed to start something and find that it feels wrong to you, you have the right to stop it, and your partner has the obligation to honor your change of heart. Losing the ability to say "No" through intoxication also withdraws consent.

Nudity, skimpy clothing, or even raunchy behaviour is not an invitation to have sex or any form of intimate physical contact. The only invitation is a clearly spoken invitation. The bottom line? Just be cool by respecting other people's bodies and personal space.

- PHOTOGRAPHY

Lakes of Fire is a private event and we expect participants to approach photography respectfully.

There is no filming without express permission. Ask first.

You have the ultimate responsibility for your image, and should ask photographers or videographers how your image will be used.

No drones, except the previously approved Effigy drone, are allowed.

- AT THE EVENT

Ice and firewood are available for sale at the trailer across from the Nexus in the Center Camp area.

Respect the art and artists at Lakes of Fire by only modifying artwork with the permission of the artist. If you see someone vandalizing artwork, ask them to stop or inform a Ranger if necessary.

- VOLUNTEERS: WE NEED YOU!

Lakes of Fire is an event that only happens each year because volunteers put in hundreds of hours, both during the event and throughout the year. Communal Effort means that we all sacrifice a little fun time so that we all get a chance to experience something special.

We are always looking for enthusiastic burners that want to help out, so volunteer your time! If you miss out on volunteering ahead of the event, come visit the Nexus at center camp and ask whether there are any open shifts.

- CAMPING

Theme Camps are given clearly marked camping spots. Open Camping placement is on a first-come, first-serve basis. Please be mindful not to block the pathways!

Lucky Lake is outlet-free camping with some exceptions. Portable water is available from a number of locations and Porta-Potties are set up around the lake. Only the 3 Ps are allowed in the Porta-Potties: Pee, Poop, and Paper. No wet wipes, tampons, plastic or any other objects! *"Please do not poop in the forest or lake"* – Skennedy

Please be responsible about your tent stakes and ropes in order to prevent drunken burners (possibly yourself) from unnecessary wounds. Illuminating guide wires and ground stakes are highly recommended.

All generators must have a sound baffle.

DO NOT run electrical cords across roads or walkways or "trench" electrical wires.

All structures, including tie downs, must be inside the campsite markers.

Remember that while Open Camping is quieter than the rest of Lakes of Fire, no place at Lucky Lake is quiet before around 4 in the morning or after 10 am. Some theme camps run music at a lower volume over the entire weekend. Please see the Sound section for specific rules.

There are no lifeguards – swim at your own risk.

Please be cautious leaving valuable possessions unattended in your tent or visible in your car when parked. While theft is rare, it does happen.

- VEHICLE CAMPING

Car camping is permissible if you have a medical condition or will be using your car as part of a camp's infrastructure. You must request a Car Camping Permit from the Parking Department. You may not drive your 'car camping vehicle' once the event begins.

RVs: There is no special area at Lakes of Fire for RVs to camp – an RV is either a part of a theme camp or finds a spot in open camping. There are no electric hookups available for RVs in open camping.

- CAMPFIRES

Campfire rings must not be moved without approval from DPW (Department of Public Works).

If your site needs a fire ring, contact DPW by visiting their camp or stopping a DPW vehicle, and a fire ring may be placed for you.

ALL STRUCTURES must be at least 12 feet away from any fire rings. Keep this in mind when setting up your camp. DPW will not place a ring if doing so violates the 12' safety radius.

Petite Perseverance Advisory

Only burn materials that are non-toxic and burnable (sorry your plastic, cigarette filters, and cans are NOT safe to burn).

Campfires must always be attended. You must clean out your camp fire ring (ash, wood, and all) before leaving.

- LEAVE NO TRACE POLICY

Leave No Trace means that we must leave the site in better condition than we found it. Each participant must remove all items they brought with them – including their trash – when they leave the site.

We also ask that each participant helps clean the full site by picking up any Matter Out Of Place (M.O.O.P.) that they encounter during the event. Smokers, bring a portable ashtray for your cigarette butts. Please bring trash bags and other waste receptacles to take your trash and recycling home with you. It's everyone's job to Leave No Trace.

Lakes of Fire asks that you minimize the amount of glass containers you bring to the event. Glass is heavy, bulky, and breakable. Glass shards are a serious LNT concern!

Please respect the greater community by not dumping your trash at the nearest rest stop — take it all the way home.

- HEALTH & SAFETY

Intoxicants and water don't mix. Alcohol makes it far likelier that you will drown if you enter the water. Always take a friend and don't swim alone. Play safe, please.

Our proud volunteers in yellow are our Emergency Services Department. All of our Medical Team volunteers are trained and certified Healthcare providers, many with EMS and ER experience. They're on hand to triage and treat any medical problems or injuries, or assist with wayward fires or participants.

Mental Health volunteers will be available as needed. A Sanctuary will be provided for those who need a quiet, calm space where you can speak to someone or take a breather.

The ESD Tent will be clearly marked on the Lakes of Fire map. Seek help at ESD directly, or we can come to you. Please ask an on-duty ESD volunteer or Ranger if you need medical or mental health assistance.

If you have a pre-existing medical condition that you feel may become a problem during the event, please make a campmate aware of it and inform the ESD Medical Team. If you have any questions, feel free to approach any on-duty ESD volunteer.

Emergencies Involving 911

ESD volunteers are also your portal to off-site medical care locations. While you have the right to contact 911 directly, please try and route the request through a Ranger or an ESD Team volunteer so that we can remain "in the loop" and facilitate. In the event you need to be evacuated to a hospital or wish to travel to one yourself, contact ESD Medical. We will provide information or assistance to get you to the local hospital or Urgent Care Center.

Rangers: Here to Help

Lakes of Fire Rangers are first and foremost citizens of Lakes of Fire. They help to preserve the safety, welfare, and quality of experience of our community while supporting participants. They are burners and participants just like you – they are not "law enforcement." You can spot LoF Rangers by their all-khaki outfits with the Ranger logo and their Ranger hat!

Pairs of Rangers can be found circulating the event 24/7, helping out as needed. They carry radios to access additional resources such as Emergency Services (Fire & Medical) and are trained to mediate disputes.

Rangers do prefer that you practice radical self-reliance first, and ask for help second – but participants are encouraged to ask for assistance when they need it.

Parenting at Lakes

Little burners under 18 years of age must be accompanied by a 21+ parent or guardian, both at entry, and at all times during the event.

You are responsible for the welfare of minors in your care. It's your responsibility to determine how much of it your li'l burners are exposed to.

Failing to adequately supervise minors in your care is your fastest ticket out of Lakes of Fire, as you will be immediately ejected without exception or recourse.

Let your kids know in advance about the kind of things that they will or might see and hear. Nudity, iconoclastic art, sexuality, rude language, cultural commentary, and weird behavior are all a part of any Burn. Talk to them about common-sense safety – advise them to be cautious about getting too close to aggressive art, destructive robots, moving vehicles, and playing in ash heaps or burn scars.

Babies cannot consent to the bangin' tunes at a sound camp – you may want to consider earplugs or noise blocking earmuffs if you're going to be hanging out by the fat stacks.

Fire Performance Safety

Fire is a spectacular part of our event, when done safely and in a controlled manner. The Fire Art Safety Team (F.A.S.T.) requires that you contact us first regarding fire spinning performances, fire sculptures, flame effects and open fires. All physical fire art requires prior pre-event signup. All fire art requires inspection on-site. F.A.S.T. members don't bite – they limit risk and prevent friends from getting hurt.

A fire safety training is hosted every year onsite. This training is geared towards fire performers (spinners and breathers), but all are welcome. There are typically two trainings, one on Friday and one on Saturday. Please check the WhatWhereWhen for the locations and times. If you plan on participating in the Fire Conclave performance preceding the Burn (which you should!) you must attend an LoF specific fire safety training.

- EXODUS - Sunday - June 18th, 2017

All participants except for select volunteers must be off the property by 3:00 P.M.

Please make sure to Leave No Trace of your campsite and try to pick up anything you may find along the way. We know trash is not a fun traveling companion, but it is vitally important that everything you pack out ends up at your own home, NOT on the side of the road or in private dumpsters!

If you'd like to help the Leave No Trace team on Sunday, please volunteer at the event by visiting the Nexus.

Thank you for reading and for your participation! Don't forget that Lakes can only be the incredible experience it is with YOUR help.
